## 13<sup>th</sup> International Mechanical Engineering Conference

The Institution of Engineers Pakistan-Karachi Centre, and its organizing partners; NED University of Engineering & Technology and NED International Alumni Network (NEDIAN) Association-Pakistan are organizing the 13<sup>th</sup> International Mechanical Engineering Conference (IMEC-2024) on Monday 4<sup>th</sup> & Tuesday 5<sup>th</sup> March 2024 under the theme "Industry 4.0 and Allied Digital Trends: Current Perspective and Future Direction". International Mechanical Engineering Conference (IMEC) is the flagship conference of The Institution of Engineers Pakistan (IEP) and its Organizing partner NED University of Engineering & Technology, Karachi. IMEC is being organized frequently for almost two decades. It has become a regular forum for researchers, students, and engineers to present and exchange ideas on the latest technological advancements and innovations. With the increase in demand for large energy requirements, Mechanical engineers can be at the forefront of developing new technology for environmental remediation, housing, transportation safety, security, healthcare, and water resources. In 2023, the 12<sup>th</sup> International Mechanical Engineering Conference was jointly organized by IEP, NEDUET, & NEDIAN Association Pakistan. The IMEC 2024 will offer a wealth of resources regarding the latest mechanical and industrial engineering activities and processes in the world. Extensive participation from scientists engineers Industry managers, NGO representatives, legislators, and policymakers are anticipated.

## The Institution of Engineers Pakistan (IEP)

The Institution of Engineers Pakistan (IEP) was established in 1948. It is the premier national body of engineers working for the advancement of engineering profession. It has headquarters at Lahore and centers in all major cities of Pakistan as well as in Riyadh, Saudi Arabia, Bahrain & Tri States (New Jersey, New York and Connecticut). IEP has signed technical collaboration agreements with more than forty professional Engineering Organizations across the globe. IEP is also the member of six international / regional engineering bodies and has the honor to represent Pakistan at these forums. IEP Karachi Centre is the biggest center of IEP.

## NED University of Engineering & Technology

NED University of Engineering & Technology is one of the oldest engineering institutions in Pakistan. It offers Bachelors, Masters and Doctoral degree programs, aimed at preparing students to shoulder their professional responsibilities and enable them to contribute in research and development in related fields. Various seminars and conferences are held every year which not only provide practical exposure to students but also a platform for academia industry collaboration

## Department of Mechanical Engineering

Department of Mechanical Engineering strives to attain an ideal balance between theoretical instruction and practical exposure to mechanical engineering with the help of qualified faculty and several well-equipped laboratories. We aspire to offer an education that develops a firm foundation in mechanical engineering but allows the students to pursue their career goals in diverse fields. Our flagship B.E. program is the starting point for careers in several disciplines. With an enrolment of over 1000 students, this is one of the oldest and most valued mechanical engineering programs in the country.

## About Karachi

Located on Sindh Province's southern coast near to the Arabian Sea, Karachi is a thriving metropolis with a population of over 20 million. Many industrial zones, an international airport, two seaports, and connections by rail and road to the rest of Pakistan make it the nation's commercial and industrial centre. Karachi is a significant centre for higher education in South Asia and the Muslim world, with a number of prominent universities situated there. The city is teeming with unexpected shopping delights, enticing sights, and the sounds of incredible deals. Several stores, restaurants, and hotels accept credit cards. Greenwich Time (GMT) is five hours ahead in Pakistan.

For further updates visit IMEC website.

## Topics

The Conference encompasses all areas of mechanical engineering, including (but not limited to) following:

- Implementation of Digital/Smart Manufacturing Systems
- Applications of Artificial Intelligence and AR/VR and MR
- Advancements in Additive & other Manufacturing Processes
- Role of Cloud Computing in Mechanical & Manufacturing Engg.
- Adoption of Big Data Analytics, Visualisation and Dashboards
- Advanced Robotics and Material Handling system
- Advancements in Material Science and Technology
- Energy 4.0, Advancements in Power Generation & Transmissions
